

# ECOTOP COW MANURE PELLET

### PRODUCT BENEFITS

- Stimulates soil life naturally
- Promotes soil fertility
- Long-lasting effect
- Fertilizer based on 100% cow manure
- Minimal leaching of mineral elements
- Composted and hygienized
- Easy to spread and low odor
- NPK 2-2-3 and rich in trace elements
- High organic matter content (approx. 67%)

### PACKAGING

Bagged goods  
5 KG (120 / pallet)  
10 KG (90 / pallet)  
20 KG (42 / pallet)

Big Bags  
250KG, 500KG  
750KG, 1000KG

### DOSAGE

1 kg for approx. 5-10 m<sup>2</sup>

### APPLICATION PERIOD

Applicable all year round

### COMPOSITION

90% Dry matter  
60% Organic matter  
2.0% Nitrogen  
2.0% Phosphate  
2.5% Potassium  
1.1% Magnesium  
2.0% Calcium  
1.2% Sulfur  
Trace elements: Fe - 0.5%, Mn - 200mg/kg, Zn - 200mg/kg,  
Cu - 35mg/kg, B - 25mg/kg, Mo- 3.5mg/kg.  
Contains animal co-products cat. II.

### NB

Store in a dry and frost-free place. Not for human and animal consumption.

As Ecotop BV has no control over the use, storage or incorrect application of its products, no liability can be accepted for reduced performance or possible damage.

Product recommendations are informational only and do not lead to a commitment or agreement. Directions for use are based on practical experience and research. Each plant and cultivation system has its own fertilizer requirements. Legal (fertilizer) standards are also important in determining the dose. It is advisable (good practice) to test new applications on a small scale in advance each time. Fertilizers cause an EC increase and can affect pH. It is essential to take all these factors into account when using a fertilizer product or combining different fertilizers. Ecotop accepts no liability for consequential damages when using its products.
